SUBJECT INDEX

ABNORMAL behaviour and pig nutrition. An unsuccessful attempt to induce tail-biting by feeding a high energy, low fibre vegetable protein ration, 366
Abortion, ovine, prevention and control, 309
Abscesses in bacon weight pigs, A survey of, 359
Absence of simple genetic factors in progressive retinal degeneration (bright blindness) in sheep, lv
Accidental lead intoxication of cattle, lxxxii
Adrenal function in dogs, Assessment of, 134
Anaesthetic-sedative agent for birds, A new, 296
Anaesthetic, use of ketamine hydrochloride as, in kangaroos, 362
Animal health and the E.E.C.:
Animal Welfare legislation in the E.E.C., 194
Animal nursing auxiliaries, registered, 100
Animal welfare in modern agriculture, 167
Animal welfare legislation in the E.E.C., 194
Anthelmintic, a new broad spectrum (Oxibendazole), xcvii
Anthelmintic activity of thiophanate in sheep and cattle, The, 533
Anthelmintic treatment with morantel of cattle yarded for the winter, 526
Anthelmintic trials of morantel tartrate against experimental infections in calves, Controlled, 526
Anthelmintics, action of five, against *Ostertagia circumcincta* in lambs, The xxxviii
Anthelmintics: Further clinical studies on the uses of Mebendazole in horses, 79

BACON weight pigs, survey of abscesses in, 359
Barley beef: serum enzyme activity during barley feeding, and particularly during the introduction of the ration, 439

Barley-fed calves, rumen liquor changes in, 267
Birds, A new anaesthetic-sedative agent for, 296
Black quarter, and haemorrhagic septicaemia, An experimental study with combined vaccines against, 175
Blood and plasma volumes of neonatal pigs expressed relative to bodyweight and total body water, 583
Blood, bovine, ear vein technique for estimation of haema tocrit values in, xvii
Blood characteristics of underfed beef cows, 63
Book reviews:
Advances in parasitology (ed. B. Dawes), 301
Animal blood groups and biochemical genetics (Journal), 507
Animal photoperiodism (B. Lofts), 184
Animal reproduction—tabulated data (A. F. Fraser), 92
Art and science of horseshoeing, The (R. G. Greeley), 189
Autopsy of the horse. Technique & interpretation (J. R. Rooney), 306
Avian brain, The (R. Pearson), 508
Beef production (T. L. Dodsworth), 406
Behaviour of the domestic fowl, The (D. G. M. Wood-Gush), 305
Biology of lactation (G. H. Schmidt), 184
Canine and feline urology (C. A. Osborne, D. G. Low & D. R. Finco), 405
Canine opthalmology (W. G. Magrane), 185
Comparative anatomy and histology of the cerebellum from monotremes through apes, The (O. Larsell, ed. J. Jansen), 190
Current veterinary therapy. IV (ed R. W. Kirk), 93
Dairy cattle: principles, practices, problems, profits (R. C. Foley, D. L. Bath, F. N. Dickenson & H. A. Tucker), 185
Dictionary of abbreviations in medicine and the related sciences (E. B. Steen), 401
Diseases of fish (L. E. Mawdesley-Thomas), 589
Experiments and techniques in parasitology (A. J. MacInnis & M. Voge), 186
Factory farming (ed. J. R. Bellerby), 302
Farm animal health and disease control (J. H. Galloway), 506
Feeding and nutrition of non-human primates (R. S. Harris), 401
Hammond's farm animals (J. Hammond Jr., I. L. Mason & J. Robinson), 186
International zoo yearbook 12 (ed. J. Lucas and Nicole Duplaix-Hall, asst. R. Biegler), 401
Laboratory animal, principles and practice, The (W. Lane-Petter & A. E. G. Pearson), 509
Laboratory guide to parasitology (R. W. Macy & A. K. Berntsen), 590
Lactogenic hormones (ed. G. E. W. Wolstenholme & J. Knight), 187
Lameness in cattle (P. R. Greenough, F. J. MacCallum & A. D. Weaver), 302
Medical and veterinary protozoology. An illustrated guide (K. M. G. Adam, J. Paul and V. Zaman), 188
Modern law of animals, The (P. M. North), 403
New Zealand beef production (ed. A. G. Campbell), 590
Pig farmers' veterinary book (N. Barron), 507
Pig housing (D. Sainsbury), 402
Principles of veterinary radiography (S. W. Douglas & H. D. Williamson), 303
Proc. internat. symp. on the genetics of the spermatozoon, 1971 (ed. R. A. Beatty & S. Gluecksohn-Waelsch).
Rational use of living systems in biomedical research, The (U.F.A.W.), 403
Reproduction and breeding techniques for laboratory animals (ed. E. S. E. Hafez), 304
Safety in the animal house (L.A.S.A.), 403
Sexes, The (D. E. Carr), 190
Sheep improvement: scientific study group report, 505
Successful professional practice, The (R. P. Levoy), 404
Thorax of sheep and man. An anatomy atlas (W. D. Anderson), 191
Transmission of passive immunity from mother to young (F. W. Rogers Brambell), 305
Trichinosis in man and animals (ed. S. E. Gould), 95
TV. vet book for stock farmers, calving the cow and care of the calf (The TV. Vet), 189
Veterinary applied pharmacology and therapeutics (G. C. Brander & D. M. Pugh), 92
Veterinary clinical parasitology (M. W. Sloss), 191
Veterinary histology (an outline text atlas) (H-D. Dellman), 404
Veterinary immunology (W. J. Herbert), 191
Veterinary obstetrics and genital diseases (S. J. Roberts), 94
Veterinary ophthalmic pharmacology and therapeutics (K. N. Gelatt), 192
Bovine brucellosis, diagnosis of, Assessment of haemagglutination procedures for, 480
Bovine mycotic abortion, lxxv
Bright blindness in sheep, absence of simple genetic factors in, xlv
Broilers and broiler breeders in Scotland, A survey of the incidence of infections with *Salmonellae* in, 493
Brucella abortus in milk and milk products, The survival of, 345
Brucella abortus, serological response to, lxvii
Brucellosis, bovine, Studies on the mechanism of the Rose Bengal Plate Test, 157
Buffalo, *Theileria* pathogenic to cattle isolated from, 382
Bulls, *V. fetus* infection in: curative and preventive vaccination, 52
Bulls, see also Cattle

CALVES:
controlled trials of morantel tartrate in, 526
epidemiological study of *Past. haemolytica* in, An 116
intensively fed, rumen liquor changes in, 267
potential hazard for, of pasture contaminated with *S. dublin* in slurry, 354
Salmonella dublin infection in, 151
serum enzyme activity of, during barley feeding, 439
serum protein changes and eosinophilia in experimental schistosomiasis in, xciv
see also Cattle
Carbon dioxide euthanasia of cats, 471
Cardiac output determination in the chicken, 390
Cardiovascular response to blood withdrawal in the chicken: a "reactive error" in the determination of cardiac output, 390
Cats, carbon dioxide euthanasia of, 471
Cattle:
accidental lead intoxication, lxxxii
anthelmintic activity of thiophanate in, 533
Ayrshire, skin secretions in, 282
bovine brucellosis, Rose Bengal Plate Test in, 157
bovine mycotic abortion, lxxv
brucellosis, haemagglutination procedures for diagnosis of, 480
cobalt and copper deficient diet in young steers, 414
dairy, metabolic profile tests appraised, 370
ear vein technique for estimation of haematocrit values of bovine blood, xvii
epidemiological study of *Past. haemolytica* in calves, 116
fluorescent antibody absorption procedures in, lxvii
haemorrhagic septicaemia and black quarter, combined vaccines in, 175
intensively fed calves, rumen liquor changes in, 267
mineral nutrition and production disease in, 207
morantel treatment of, 518, 526
Nigerian breeds, stratum corneum thickness in, 277
relationship of age to first molar tooth development in cross-bred steers, 512
Salmonella dublin carrier cows, serological responses of, liii
Salmonella dublin contaminated slurry, calves and, 354
Salmonella dublin infection in calves, 151
sarcosporidiosis transmission, 230
serum enzyme activity during barley feeding of calves, 439
Streptococcus agalactiae in dairy herds, 544
Theileria pathogenic to, isolated from buffalo, 382
underfed beef cows, milk production in, 63
Vibrio fetus infection in bulls, 52
Campylobacter spp., haemagglutinating properties, lxxxvi
Cell-mediated immune response in pigs to *Mycoplasma hyopneumoniae*, Preliminary studies on, 427
Cellular development in Japanese quail, The long-term effects of periodic malnutrition on, lvi
Central nervous system of ataxic deer, enzyme changes in, 73
Chicken, cardiac output determination in, 390
Chicken coccidia, effect of *Eimeria acervulina* on reproduction potentials of during concurrent infection, xxix
Chickens, incidence of infections with *Salmonellae* in broilers in Scotland, 493
Chicks, fatty liver and kidney syndrome in, lix, lxii, lxv, lxxiv, lxxx
Chronic catheterization techniques, The use of in foetal sheep, 260
Clindamycin and Lyncomycin, penetration of into milk in ewes, 83
Clinical problems of preventive medicine:
Nutrition and diet, 3
Mineral nutrition and production disease in dairy cattle, 207
Prevention and control of ovine abortion, The, 309
Reproductive disorders in pigs. I. Diagnosis, 106
Cobalt deficient diet in young steers, 414
Coccidia in chickens, *Eimeria acervulina* and reproduction potentials of, xxix
Coccidiosis of lambs. I. Observations on the neturally acquired infection, 555
Coccidiosis of lambs. II. The production of faecal oocyst burdens in laboratory animals, 568
Conservation, wildlife, and the control of pests, 202
Copper deficient diet in young steers, 414
Cows, *Salmonella dublin* carrier, serological responses of, liii
Cows, underfed beef, A preliminary study of milk production, bodyweight changes and some blood characteristics of, 63
Cows, see also Cattle
Cytological study of the karyotype of rpleen cells from scrapie-affected Chinese hamsters, xi

DAIRY herds, *Strep. agalactiae* in, 544
Deer, ataxic, Enzyme changes in the central nervous system of, 73
Dichlorvos, efficacy of four formulations against adult *H. rubidus* and *Oesophagostomum* spp. in pigs, xxi
Diet, effect of on abnormal behaviour in pigs, 366
Diet, effect on fatty liver and kidney syndrome in chicks, lix, lxv, lxxiv
Diet, see also Nutrition
Disinfectants, A reproducible surface contamination method for testing, 13
Dog, intestinal absorption and serum cholesterol levels in the, Effects of oral neomycin on, 335
Dogs, Assessment of adrenal function in, 134
Dominance and leadership hierarchies in sheep, 501
Drugs, feeding response to, observations on ontogeny, xxvii

EAR vein technique for estimation of haematocrit values of bovine blood, xvii
Economics of livestock production, The, 398

Editorial, 1, 97, 193, 307, 511
Efficacy of four dichlorvos formulations against adult *Hyostrongylus rubidus* and *Oesophagostomum* spp. in pigs, xxi
Eimeria acervulina, Effect of on the reproductive potentials of four other species of chicken coccidia during concurrent infection, xxix
Eimeria infections in lambs, 555, 568
Enzootic pneumonia of pigs. Field trials with a formalinized vaccine, 465
Enzootic pneumonia of pigs. Immunization attempts inoculating *Mycoplasma suipneumoniae* antigen by various routes and with different adjuvants, 456
Enzyme changes in the central nervous system of ataxic deer, 73
Enzymes, serum, see Serum
Eosinophilia and serum protein changes in experimental schistosomiases in calves, xciv
Epidemiological study of *Pasteurella haemolytica* in calves, An, 116
Ergot, effect of feeding to gilts during early pregnancy, The, 127
European Economic Community:
Animal welfare legislation, 194
Euthanasia of cats, Carbon dioxide, 471
Exploratory behaviour and leadership in the domesticated pig, 251

FASCIOLA *hepatica* in the rat, Naturally acquired immunity to, xlix
Fasciola hepatica, Resistance of sheep to, 236
Fatty liver and kidney syndrome, attempt to increase susceptibility, lxxx
Fatty liver and kidney syndrome, comparison of barley, oats, sorghum and wheat in production, A, lxv
Fatty liver and kidney syndrome, Effect of dietary fat on, lxxxiv
Fatty liver and kidney syndrome, Effect of heated ethanol concentrate feel and influence of climate on, lix
Fatty liver and kidney syndrome, Effect of medication on, lxxxix
Fatty liver and kidney syndrome, Influence of parent flock on susceptibility of chicks to, lxii
Featherpecking, factors affecting, 503
Feeding response to drugs, Observations on ontogeny of, xxvii
Fever in a pig, Onset of, xxxii
Field trials with a formalinized vaccine against enzootic pneumonia of pigs, 465
Fluorescent antibody absorption procedures for differentiation of the serological response to *Y. enterocolitica* and *Br. abortus* in cattle, Assessment of, lxvii
Foal, septicaemia in: a review of 61 cases, 221
Foetal sheep, Chronic catheterization techniques in, 260

GAME conservation and trypanosomiasis, 407
Genetic factors, Absence of simple, in bright blindness in sheep, xlv
George Fleming prize, 511, 588
Globidium leuckarti in the small intestine of three horses, 146
"Globules" in ejaculates of young rams, The origin and nature of, lxxii
Gnotobiotic piglets infected with *Past. septica*, Haematological observations in, 19
Goat, Pulmonary nocardiosis in a, iv

HAEMAGGLUTINATION procedures, indirect, Assessment of for diagnosis of bovine brucellosis, 480
Haemagglutinating properties of *Campylobacter*, lxxxvi
Haematocrit values of bovine blood, ear vein technique for estimation of, xvii
Haematological observations in gnotobiotic piglets infected with *Pasteurella septica* (Sero-Group A), 19
Haemolytic disease of the newborn, thrombocytopenic purpura and neutropenia occurring concurrently in a litter of piglets, 36
Haemorrhagic septicaemia and black quarter, An experimental study with combined vaccines against, 175
Hamsters, Chinese, scrapie-affected, Cytology of karyotype of spleen cells from, xi
Heme biosynthesis in cattle, interference, lxxxii
Horse, Healing of parietal peritoneum in the, 29
Horses, Further clinical studies on the uses of Mebendazole as an anthelmintic in, 79
Horses, *Globidium leuckarti* in the small intestine of three, 146
Horses: Septicaemia in the foal, review of 61 cases, 221
Humidity and temperature, Effect of on skin secretions in cattle, 282
Hyostrongylus rubidus, Efficacy of dichlorvos against in pigs, xxi
Hysterotomy in sows, Observations on clinical findings after, viii

IMMUNE response, Cell-mediated, in pigs, to *M. hyopneumoniae*, 427
Incidence of infections with *Salmonellae* in broilers and broiler breeders in Scotland, A survey of the, 493
Indirect haemagglutination procedures for the serological diagnosis of bovine brucellosis, Assessment of, 480
Intestinal absorption in the dog, Effects of oral neomycin on, 335
Isfahan, snails of veterinary importance in, i

KANGAROOS, use of ketamine hydrochloride in, 362
Kenya, Scrapie in sheep in, xiii
Ketamine hydrochloride, The use of as a safe, short-duration anaesthetic in kangaroos, 362

LAMBS, Action of five anthelmintics against *O. circumcincta* in, xxxvi, xxxviii
Lambs, coccidiosis of, 555, 568
Lambs, Effect of postparturient faecal egg count on worm burden and weight gain of, 448
Legislation, Animal welfare, in the E.E.C., 194
Leucocyte counts in normal young rabbits, 47
Lincomycin and Clindamycin, Penetration of, into milk in ewes, 83
Livestock production, The economics of, 398

MEBENDAZOLE (R.17635) as an anthelmintic in horses, Further clinical studies on the uses of, 79
Metabolic profile tests, A statistical appraisal of the results of, on 75 dairy herds, 370
Milk and milk products, Survival of *Br. abortus* in, 345
Milk, Penetration of Lincomycin and Clindamycin into, in ewes, 83
Milk production, bodyweight changes and some blood characteristics of underfed beef cows, A preliminary study of, 63
Mineral nutrition and production disease in dairy cattle, 207
Molar tooth development, first, The relationship of age to, in a group of cross-bred steers, 512
Monkeys, rhesus, Changes in serum proteins with tuberculosis in, xxxiv
Morantel anthelmintic treatment of cattle yarded for the winter, 526
Morantel tartrate, Controlled trials with, against experimental infections in calves, 518
Mycoplasma hyopneumoniae, Cell-mediated immune response to, in pigs, 427
Mycoplasma suipneumoniae antigen, Immunization attempts with, 456
Mycoplasma suipneumoniae, field trials wtih a formalinized vaccine in pigs, 465

NEMATODES, gastrointestinal, Oxibendazole and, xcvii
Neomycin, oral, An investigation of the effects of, on intestinal absorption and serum cholesterol levels in the dog, 335
Neutropenia, thrombocytopenic purpura and haemolytic disease of the newborn occurring concurrently in a litter of piglets, 36
Nigerian cattle, stratum corneum thickness in, 277
Nocardiosis, pulmonary, in a goat in Malawi, iv
Nursing and suckling behaviour of pigs, The. I. The Importance of stimulation on the anterior teats, 324
Nutrition and diet (Clinical problems of preventive medicine), 3
Nutrition, deficient, Effects of on cellular developemnt in quail, lvi
Nutrition, Effect of, on abnormal behaviour in pigs, 366
Nutrition, mineral, and production disease in dairy cattle, 207
Nutritional balance trial, time-cost of routine procedures in sheep, xli

OESOPHAGOSTOMUM, Efficacy of dichlorvos against, in pigs, xxi
Oestrus detection in large dairy herd, 504
Ontogeny of the feeding response to β adrenergic agonists and antagonists, Observations on, xxvii
Osmolality of rumen liquor in intensively fed calves, 267
Osteosarcoma in sheep, Ultrastructure of, 124
Ostertagia, effect of postparturient faecal egg counts on worm burden of lambs, 448
Ostertagia circumcincta in lambs, The action of five anthelmintics against, xxxviii
Oxibendazole, a new broad spectrum anthelmintic effective against gastrointestinal nematodes of domestic animals, xcvii

PARIETAL peritoneum, Healing of in the horse, 29
Pasteurella haemolytica in calves, An epidemiological study of, 116
Pasteurella septica, Haematological observations in gnotobiotic piglets infected with, 19
Pesticides, Effects of on British wildlife, 315
Piglet mortality, Experimental evidence of sire effect on, 58
Piglets, gnotobiotic, infected with *Past. septica*, Haematological observations in, 19
Piglets, Haemolytic disease of newborn, thrombocytopenic purpura and neutropenia occurring concurrently in a litter of, 36
Pig, Exploratory behaviour and leadership in the domesticated, 251
Pig group organization, 502
Pig, Onset of fever in a, xxxii
Pigs, abnormal behaviour of, Diet and, 366
Pigs, bacon weight, Survey of abscesses in, 359
Pigs, Cell-mediated immune response in, to *M. hyopneumoniae*, 427
Pigs, Diagnosis of reproductive disorders in, 106
Pigs, Effect of feeding ergot to gilts during early pregnancy, 127
Pigs, Efficacy of four dichlorvos formulations against adult *H. rubidus* and *Oesophagostomum* in, xxi
Pigs, enzootic pneumonia in, Field trials with a formalinized vaccine, 465
Pigs, enzootic pneumonia in; Immunization attempts inoculating *M. suipneumoniae* antigen by various routes, 456
Pigs, neonatal, Blood and plasma volumes of, 583
Pigs, Nursing and suckling behaviour of, 324
Pigs, Observations on clinical findings after hysterotomy in sows, viii
Postparturient faecal egg count, Effect of on the worm burden of lambs and on their weight gain, 448
Production disease, Mineral nutrition and, in dairy cattle, 207
Proteins, serum, see Serum
Pulmonary nocardiosis in a goat in Malawi, iv

QUAIL, Japanese, Long-term effects of periodic malnutrition on cellular development in, lvi

R.17635 (Mebendazole) as an anthelmintic in horses, 79
Rabbits, Leucocyte counts in normal young, 47
Ram behaviour and fertility, 501

Rams, "Globules" in ejaculates of young, lxxii
Rat, Naturally acquired immunity to *F. hepatica* in, xlix
Reproductive disorders in pigs. I. Diagnosis, 106
Reproductive potentials of chicken coccidia, xxix
Resistance of sheep to *Fasciola hepatica*, The. Studies on the development pathogenicity of challenge infection, 236
Rose Bengal Plate Test for bovine brucellosis, Studies on the mechanism of, 157
Rumen liquor pH, osmolality and volatile fatty acid changes in calves fed intensively on barley with hay added, 267

Salmonella dublin carrier cows, Serological responses of, liii
Salmonella dublin infection in calves: the value of rectal swabs in diagnosis and epidemiological studies, 151
Salmonella dublin in slurry, A further assessment of the potential hazard for calves allowed to graze pasture contaminated with, 354
Salmonella infections in broilers, Incidence of in Scotland, 493
Sarcosporidiosis, An investigation into the mode of transmission of, 230
Schistosomiasis, experimental, Serum protein changes and eosinophilia in, in calves, xciv
Scrapie-affected Chinese hamsters, Cytology of karyotype of spleen cells from, xi
Scrapie in sheep in Kenya, A report of, xiii
Septicaemia in the foal: a review of 61 cases, 221
Serological responses, Assessment of fluorescent absorption procedures for differentiation of, lxvii
Serological responses of *S. dublin* carrier cows, liii
Serum cholesterol levels in the dog, Effects of oral neomycin on, 335
Serum enzyme activity during barley feeding, 439
Serum protein changes and eosinophilia in experimental schistosomiasis in calves, xciv
Serum proteins in tuberculosis in rhesus monkeys, Changes in, xxxiv
Sheep, Action of five anthelmintics against *O. circumcincta* in lambs, xxxviii
Sheep, Anthelmintic activity of thiophanate in, 533
Sheep, bright blindness in, Absence of simple genetic factors in, xlv
Sheep, Coccidiosis of lambs, 555, 568
Sheep, foetal, Use of chronic catheterization techniques in, 260
Sheep osteosarcoma, Ultrastructure of, 124
Sheep, Ovine abortion, prevention and control, 309
Sheep, Penetration of Lincomycin and Clindamycin into milk in ewes, 83
Sheep, Postparturient faecal egg count effect on worm burden of lambs, 448
Sheep, A report of scrapie in, in Kenya, xiii
Sheep, Resistance of to *F. hepatica*, 236
Sheep, Time-cost of routine procedures involved in a nutritional balance trial with, xli
Sire effect on piglet mortality, Experimental evidence of, 58
Skin secretions of Ayrshire cattle, Effect of temperature and humidity on, 282
Slurry, *S. dublin* in, on calf pasture, 354
Snails of veterinary importance in Isfahan, Iran, Presence of, i
Society for Veterinary Ethology, Proceedings, January 1972, 501
Soluble extracts of bovine placenta, Effect of on growth of fungi implicated in bovine mycotic abortion, lxxv
Sows, hysterotomy in, Observations on clinical findings after, viii
Spleen cells, Cytology of karyotype of, from scrapie-affected Chinese hamsters, xi
Steers, young, Some effects of feeding on a diet deficient in bolt cobalt and copper, 414
Steers, age and molar tooth eruption, 512
Stratum corneum thickness in Nigerian breeds of cattle, A comparative study of, 277
Streptococcus agalactiae in dairy herds: Incidence and relationship to cell count and inhibitory substance levels in bulk milk, 544
Surface contamination method for disinfectant tests, A reproducible, 13

TAIL-BITING in pigs, Effect of diet on, 366
Tanzania, *Theileria* pathogenic to cattle isolated from buffalo in, 382
Temperature and humidity, The effect of on skin surface pH and the ionic composition of skin secretions in Ayrshire cattle, 282
Theileria pathogenic to cattle isolated from buffalo in Tanzania, Preliminary observation on, 382
Thiophanate, Anthelmintic activity of in sheep and cattle, 533
Thrombocytopenic purpura and neutropenia occurring concurrently with haemolytic disease of the newborn in a litter of piglets, 36
Time-cost of the routine procedures involved in a nutritional balance trial with wether sheep, A note on the, xli
Tooth eruption, first molar, Relationship of age to in cross-bred steers, 512
Trypanosomiasis, Game conservation and, 407
Tuberculosis in rhesus monkeys, Changes in serum proteins with, xxx, iv

ULTRASTRUCTURE of sheep osteosarcoma, 124

VACCINES, combined, An experimental study with against haemorrhagic septicaemia and black quarter, 175
Veterinary education: The registered animal nursing auxiliaries 100
Vibrio fetus infection in bulls; Curative and preventive vaccination of, 52
Volatile fatty acid changes in intensively fed calves, 267

WELFARE, animal, in modern agriculture, 167
Welfare, animal, legislation in the E.E.C., 194
Wildlife, British, effects of pesticides on, 315
Wildlife conservation and the control of pests, 202
Worm burden of lambs, effect of postparturient faecal egg count on 448

Yersinia enterocolitica, Serological response to, lxvii

ZOOLOGICAL and Wildlife reviews:
Effects of pesticides on British Wildlife, The, 315
Game conservation and trypanosomiasis, 407
Wildlife conservation and the control of pests, 202
